Bowel Complaints in India.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preven-

tive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

In the Treatment of Tuberculosis

remember that first aid to relief is found in abundance of fresh air—day and night—freedom from over-exertion, and pure food.

Attention to these matters should do much to arrest the progress of the malady, but in many cases there is need for extra help. Where Nature has to work with a weakened body her power is limited.

Under such circumstances, try Eckman's Alternative, which has been used with large benefit by many sufferers. In numerous cases it has helped to bring about recovery. Also, it has been successful in treating asthma and bronchial troubles.

And since it contains no opiates, narcotics or habit-forming drugs, its use is not attended with danger. At your druggist's.

EAGLE DELEGATION WILL BE STRONG IN BIG FOURTH PARADE

F. O. E. Will Turn Out In Numbers. Committee Appointed To Handle Affair. Lodge Affairs Booming

Following a very enthusiastic meeting of the Fraternal Order of Eagles in Bisbee, on Monday night, it was announced that the lodge would participate in the big Fourth of July parade with practically all of its membership in addition to several floats. The Eagles have appointed a committee to handle their part of the parade and some elaborate preparations are now being made.

The committee, as appointed at the meeting, consists of O. S. French, chairman; Sam Verran and Charles Knox.

The Eagles of Bisbee are more than active at the present time. They are one of the pioneer fraternal organizations in the Warren District, having been in Bisbee for many years. Recently the lodge decided to build a home and arrangements were soon completed for the purchase of the Costello lot on Upper Main street and for the financing of the structure.

Some days ago a gang of men was put to work clearing the ground and to start the foundations and other preliminary work. It is being rushed as fast as possible and with the arrival of the steel for the structure its completion will only be a matter of weeks. The F. O. E. is working hard on the building and considerably more interest is being displayed in its circles.

According to one of the members, who has been particularly active in starting the building on Main street, the lodge will come out with the largest Eagle delegation ever seen in the Southwest on July Fourth.

"We are an American order, as our symbols will testify," said the speaker, "and in this year of all years it behooves us to show concrete evidence of patriotism. Our part of the parade will be so arranged that when the new home site is passed it will
